THE ARTIST

ANDREW MIKA / BALLOONSKI

Since 2011, Balloonski has taken balloon art from restaurants and busking to festival fields, street-art gatherings, galleries and brand activations.

Oversized characters. Architectural interventions. Sculptures that move above a crowd. The work brings current culture and retro nostalgia into unexpected, temporary forms.

Built to interrupt the ordinary.

Based in Bradenton, Florida.
Travels to create.

> *"Every time i create for someone, i feel a connection to the awe and wonder of their spirit."*
